FOR THE GOALS**

**THEME**

***“Skilling with Dignity for Entrepreneurship”***

**The Indian Institution of Production Engineers (IIPE)** is a prominent professional body in India, dedicated to the advancement of Production Engineering. It aims to serve the manufacturing fraternity by providing a platform for networking and knowledge sharing. The institution has a national headquarters located in Bengaluru and has several centers across the country. IIPE focuses on developing highly skilled professionals in the futuristic sectors like drone, solar, EV sectors through various programs. This institution is committed to fostering research and academic excellence to meet the Sustainable Development Goals of Quality Education, Decent Work and Economic Growth and Partnership for the Goals.

**Bravee Multiskilling Academy** is a skill development initiative to enhance the employability and entrepreneurship of the professionals through various courses.

**Skill Developers' Forum** is a newly founded platform for mutual support of Vocational Skill Training Providers.

## Global Skill Summit 2026 Bengaluru

Join global leaders, policymakers, industry titans, and innovators in the Silicon Valley of India for the premier skill development event of 2026. This summit is a pivotal moment to collectively define a future where every individual, regardless of background, has access to quality skills that not only secure a livelihood but also empower them to become job creators —entrepreneurs who lead with purpose and dignity.

The world of work is transforming at an unprecedented pace. Our theme emphasizes that skilling must be a process that respects the individual's inherent worth, providing them with the autonomy, resources, and self-belief necessary to thrive in the entrepreneurial ecosystem. Be a part of the movement that moves skilling from a compliance measure to a moral imperative.

# In association with Sector Skill Councils - India

# Summit Objectives & Highlights

---

The GLOBAL SKILL SUMMIT 2026 aims to achieve tangible outcomes across policy, practice, and partnership:

## **Elevate Dignity**

Establish a global charter on "Skilling with Dignity" to ensure training is inclusive, respects diverse learning styles, and leads to equitable opportunities.

## **Fuel Entrepreneurship**

Develop an Actionable Roadmap to integrate entrepreneurial mindset and skills into all vocational and higher education programs.

## **Bridge the Gap**

Foster unprecedented Public-Private Partnerships for localized, industry-relevant training and seed funding for new ventures.

## **Future-Proofing**

Explore the role of emerging technologies, such as AI, Green Skills, and Industry 4.0, in creating sustainable and scalable enterprises.

## **Global Mobility**

Discuss strategies for global skills recognition and pathways for entrepreneurs to access international markets and capital.

---

## Key Highlights

### **The Global Skilling Charter**

Unveiling of a consensus document signed by Ministers, CEOs, and multilateral agencies.

### **Innovation Showcase**

50+ hand-picked start-ups and innovations from the skill ecosystem.

### **Youth & Mentor Connect**

Dedicated sessions for aspiring young entrepreneurs to interact with successful founders and investors.

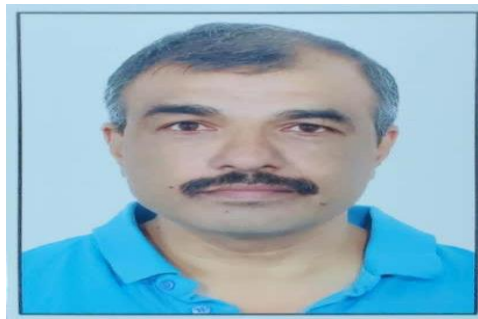

### **Country Partner Focus**

Featuring a country leading the charge in vocational excellence (e.g., Germany or Singapore) to share best practices.
